

Pre-wedding stationery price guide 2022

Please note, bespoke wedding stationery also includes a design fee, as invitation designs can vary greatly. Any designs from the house collection, or existing designs I have created can be customised.

All prices quoted below are based on designs being printed on uncoated, 350gsm white cardstock with a plain white envelope. Paper stock can be upgraded (*various options are available, including textured paper, plantable seed paper, recycled paper*), as well as print finishes (*such as hot foiling, debossing/embossing, white ink print*) and envelopes (*various colours, handmade paper envelopes etc.*) for an additional fee.

If you are interested in upgrading your invitations, please indicate this in the wedding contact form, and a full quote will be provided after your initial consultation.

Pre-wedding stationery
